Our school initiatives are on track to meet or exceed our targets

During 2016, we focused on maximising the benefits of this funding for our students. After reviewing our 2016 *Investing for Success* agreement, it is clear that we are on track to meet or exceed our targeted student outcomes. We continue to implement our initiatives to ensure that every student succeeds. NAPLAN results for years 7 and 9 continue to excel at or above nation and 100% of Year 12 students exiting school with their Queensland Certificate of Education.

Initiatives implemented include:

- Employing extra teaching and support staff to reduce class sizes, provide targeted support and extension and enrichment opportunities
- Continuing to deliver whole of school reading strategies of reading guides, Question Answer Relationship, three tier vocabulary to boost reading comprehension
- Continue with the implementation of Deans of Students to connect learning and well being with student engagement and performance
- Provide on line learning opportunities for self-paced and tailored approaches to mastery of numeracy skills and spelling
- Deploy Master Teacher as a faculty based coach of teachers as teachers of reading
- Continue to provide voluntary after school tutorial and home work help for up to 120 students per session
